

RYERSON EXPANSIBLE ORCHID FOLDER - BARE ROOT SEEDLINGS READY FOR 1½" POTS

Homestead, Fla.

OUT-OF-COMMUNITY-POT SEEDLINGS, READY FOR INDIVIDUAL POTS

If you have been buying your baby seedlings already potted, you know the price starts at one dollar each, and goes UP - even on a limited "SPECIAL"! Saves you pots, osmunda, the little bit of work involved, and about two months in growing time. But it does not save you MONEY.

If you already have pots, osmunda, time and ability, you can buy your seedlings "barefoot", put the shoes on them, and double their value in that two months growing time! (See Pages E and T in your Folder.)

ANY 10 BARE ROOT SEEDLINGS (YOUR SELECTION).....\$6.00
FIFTEEN OR MORE BARE ROOT SEEDLINGS (YOUR SELECTION).....50¢ per seedling
(Minimum order, 10 seedlings. Extra dollar is for Winter packing.)
THEY FLY TO YOU, VIA AIR MAIL PREPAID - SAFE DELIVERY GUARANTEED!

#153-B DENDROBIUM HAWAII NUI X D. PHALAENOPSIS ALBA - Sprays of blooms, from pink-tinted white to very dark. Autumn. (See Page U.)

#159-B C. GUTTATA, LEOPOLDII X C. SCHROEDERAE - Pale yellow or pink-cheeked clusters of 4 to 5-inch heavy textured flowers. Spring or twice yearly.

#162-V VANDA TERES, GIGANTEA X V. GILBERT TRIPOULET X V. TERES - Light blue-lavender semi-terete Vanda. (See Pages Q and V.)

#397-B LC CUESTA X C. SIR PERTINAX - Large, medium to brilliantly dark, well formed blooms for mid-Winter season. Probably will bloom twice yearly.

#399-M C. GRANULOSA, SCHOFIELDIANA X L. TENEBROSA X C. KING GEORGE - Very heavy textured green-yellow to rich bronze blooms, flushed rose. Fall-Winter.

#752 C. HENRIETTA JAPHET X C. AMETHYSTOGLOSSA - Baby pink clusters of small, heavy textured blooms; some dotted darker pink. Spring.

#754 C. LEDA VAR. MIDNIGHT X BLC MARION RYERSON - Darkest, plum-purple Leda, crossed with rich red-lavender Marion Ryerson with cerise lip. Winter or twice yearly.

#757 C. DANIEL RYERSON X BC HARTLAND - Very free-flowering, heavy textured Daniel Ryerson, crossed with the rich, red-plum Brasso should make an especially fine Brasso cross for late Winter or twice yearly blooming.

#758 LC CANHAMIANA ALBA X B. DIGBYANA - Exceedingly large White or White-Colored-Lip Brasso blooms for May-June season.

#762 C. BICOLOR X C. LEDA - Fall blooming clusters of heavy 4 to 5-inch blooms, varying in color from yellow to bronze to rich, dark red.

SPECIAL BONUS: Mail your order for 10 or more of the above Bare Root seedlings within ten days of receiving list, and you will receive an ADDITIONAL, unlisted seedling or a YELLOW or NOVELTY hybrid, correctly named. State your preference as to whether you would like Yellow or Novelty bonus seedling.
